Hi Gerry,

Here you go. Also, I have made a copy of my electronic Cook Inlet files onto a CD and will have the NPDES permits program mail it to you next week.

Subject: Cook Inlet Authorization Spreadsheet

Hi Hanh,

I believe you have heard I had some confusion on authorizations for Cook Inlet Platforms. Wade indicated you may have a spreadsheet that you used when you coded everything into ICIS during the last issuance. This would be very helpful for our data entry into the DROPS system. Is it possible to share this resource with us?

Thanks,

Gerry
